

PRODUCT REPLACEMENT

NEW & IMPROVED

6m Roll Out Dry Fix Hip Kit

As a valued customer of Timloc Building Products, we wanted you to be one of the first to know about the new and improved 6m Roll Out Dry Fix Hip Kit launching this month. The new kit will replace the existing version and has new product codes to be loaded onto your system. The benefits of the updated 6m Roll Out Dry Fix Hip Kit include:

Combined fixing screws and clamping plates for ease of installation.

Product weight has reduced from 7.5KG down to 5.5KG.

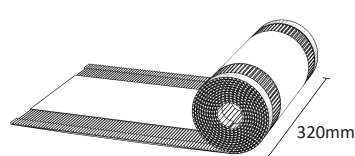

Universal ridge batten straps for ease and flexibility

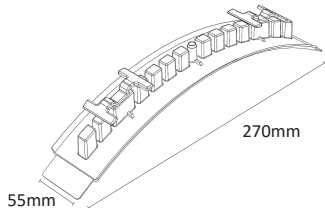

More compact packaging with carry handles.

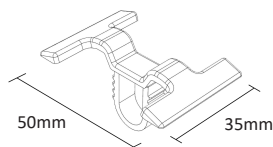

Components supplied in the pack:

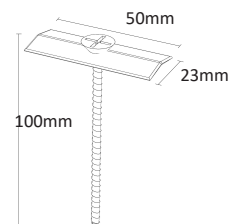

1 x 6m vent roll membrane with self-adhesive flashing

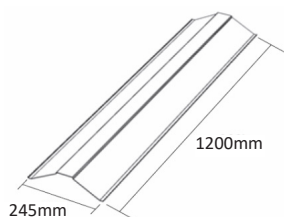

13 x ridge unions

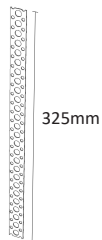

26 x ridge union clips

13 x fixing screws and clamping plates

6 x hip trays

10 x ridge batten straps
